Dear Alan

**PAYE Online Services 2008-2009: Expenses & Benefits
Recognition for Internet Filing Enabled Software**

Internet Product: Liberty Accounts

I can confirm that you have now successfully tested your Internet Filing Enable Software package '**Liberty Accounts**' through the Vendor Single Integrated Proving Service (VSIPS).

The forms you have successfully tested are:

P11D/P11D(b)

Your details will now be added to those already included on the HMRC recognition web pages at http://www.hmrc.gov.uk/efiling/payepaye_software_forms.htm that lists the PAYE Internet Enabled Software products that have successfully passed through the testing process.

Please note that the issue of this letter and inclusion of your product details on our WebPages should not be regarded as HMRC endorsement or 'kitemarking' of your Internet Enabled product. It simply confirms successful testing through VSIPS.

Please remember that in order for your name to remain on the Web Pages you should retest any amendment that you make to the software package, including schema changes that we notify you about and/or any new versions of your product.

Yours sincerely

Adrian Smith
